DETAILED ACTION

1. Claims 5-9 and 20 are allowed. These claims have been renumbered as claims 1-6.
2. Claims 1-4 and 10-19 were cancelled in the amendment received on October 26, 2007.

REASONS FOR ALLOWANCE

3. The following is a statement of reasons for the indication of allowable subject matter:

The prior art of record does not render obvious to one ordinarily skilled in the art at the time of applicant's invention nor anticipate the combination of claimed elements including "said method performing an EndTransaction operation in case said EndTransaction operation is a RollbackTransaction operation aborting a transaction as unsuccessful, by issuing a corresponding RollbackTransaction operation within said execution environment independent from the nesting level of said RollbackTransaction operation; said method performing, once a RollbackTransaction operation has been executed within said nested transaction, any further StartTransaction operation or any further EndTransaction operation within said nested transaction independent from its nesting level by rejecting it as being in error without issuing a corresponding StartTransaction operation or a corresponding EndTransaction operation to the execution environment, and wherein said method: checks the nesting level of any of

said StartTransaction or EndTransaction operations by a depth counter, increments said depth counter in the case of processing a StartTransaction operation, and decrements said depth counter in the case of processing an EndTransaction operation which is a CommitTransaction operation, and sets said depth counter to zero or an invalid value in the case of processing an EndTransaction operation which is a RollbackTransaction operation" as recited in independent claim 5.

The remaining claims, 6-9 and 20, are dependent claims, thus these claims are patently distinct over the art of record for at least the above reasons.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
